DISCUSSION QUESTIONS

1. Thoughts from Chapter 5: When you are faced with a potential conflict with someone, are you more likely to fight? Flee? Ignore the problem and hope it goes away?
2. What harm is there in not dealing with known sin? (In your own life? In the life of a family member or friend?) What are we supposed to do? (Look at Gal. 6:1-3)
3. What kind of excuses do we or family and friends that we know make for sins that we just don't want to or can't seem to overcome?
4. What do we need to do to overcome habitual sins that have their claws in us?
5. If our bodies are the Temple of God – how should we treat them?
6. What should we do when faced with sexual temptation! (What was Paul's advice?)
